INTRODUCTION

The “Technical Regulations” (TR) include Regulations for the following disciplines:

- Artistic Gymnastics
- Rhythmic Gymnastics
- Trampoline Gymnastics
- Acrobatic Gymnastics
- Aerobic Gymnastics
- Parkour

Regulations for Gymnastics for All are in a separate document called “Gymnastics for All Manual”.

The Technical Regulations conform with the Statutes of the FIG. Consequently, if any unforeseen circumstances should arise, where any TR's are at variance with the intent of any Article of the Statutes, the intent and interpretation of the said Article shall prevail and the said Regulation shall be duly amended.

These Regulations are arranged in sections to provide for specific areas of technical organisation and control. As it is not always possible to deal exclusively with the various subject matters under separate headings, it has been necessary to make cross-references whenever the circumstances so require. Cross-references may also be made to the Statutes, the Codes of Points and other approved documents.

Where decisions are made related to events in the Regulations, the following order of priority is observed:

- Olympic Games
- Youth Olympic Games
- The World Games
- World Championships
- Junior World Championships
- World Cup / World Challenge Cup competitions
- FIG Displays
- Continental Championships
- Regional Games
- Competitions between National Federations
- International Tournaments and Competitions
- Exhibitions and Other Displays

The structure, functions and formation of the FIG technical authorities - the Technical Committees (TC) / PK Commission and the members of the Technical Committees/the PK-Commission – are set out in the Statutes as well as in these Regulations.

Art. 2.2.7 World Age Group Competitions

World Age Group Competitions can be organized by the FIG, on the basis of the Rules which have been defined by the EC.

Art. 2.2.8 Other Events

International tournaments and/or competitions may be held in each discipline at the initiative of the EC.

Art. 2.2.9 Gala Performances

The FIG in agreement with the LOC may organise a Gala (display without judging and ranking) after the OG, the YOG and the World Championships.
All invited medal winners have to participate. They will receive an amount in addition to the prize money from the competition (prize money majored by 25 %). In case they do not participate in the Gala no additional amount is paid and the individual prize money earned is reduced by 25 %.

In order to guarantee a high level of performances at the FIG Gala, the gymnasts are invited to present their competition routine or a program specially created for the gala, in accordance with the organisers and the TC Presidents concerned.

The additional costs of transportation and accommodation will be paid by the LOCs. Only affiliated NFs are authorised to deal with the LOCs exclusively for all payments. The organisers are responsible for the payment. Exception: the OG and the YOG.

Each Gala’s program must be approved by the FIG Secretary General.

The amounts of prize money awarded according to the ranking are determined by the EC. The prize money is transferred to the NFs participating in the Gala. Should a gymnast not present an exercise of a level of his / her possibilities, the amount of prize money may be reduced by 25 %.

**Art. 2.2.10 World Aerobic Gymnastics/fitness Conventions, Parkour Workshops and Other International Displays**

World Aerobic Gymnastics/fitness Conventions, Parkour Workshops and other International Displays may be organised by the FIG authorities of the FIG or affiliated NFs.

**Art. 2.3 Choice of Venues for Official FIG Competitions and Other Events**

The official competitions of the FIG and other events are held at locations decided by the Council, the EC or the Presidential Commission, in accordance with the Statutes and other FIG Rules and Regulations.

**Art. 2.4 Competition Schedule**

If possible, the competition will not begin earlier than 10.00 hours and end not later than 23.00 hours.

**ART 3 COMPETITIONS AND OTHER EVENTS NOT ORGANISED BY THE FIG**

**Art. 3.1 Continental Competitions**

The organisation of continental championships and other continental competitions in all disciplines is provided for in the Statutes. The assignment of such competitions is the prerogative of the respective Continental Union. The TR of the Continental Unions have to be approved by the FIG EC.

The program and starting order are based on the FIG TR.

According to this provision, Continental Unions approved under the Statutes, may determine other details which may serve to develop all disciplines on their continent. These include questions about the competitions programs, the system of running the competitions and the gymnasts’ participation rights. Six (6) months before the competitions, which must be identified by name, all details are to be communicated to the FIG Office.

Continental championships / games are under the direct responsibility of the Continental Union concerned.
Art. 3.2  Continental / Regional Games

Participation in Continental / Regional Games such as the European Games, Pan-Arabic Games, the Pan American Games, the Mediterranean Games, the Central American and Caribbean Games, the Asian Games, etc. are permitted under the Statutes but require the consent of the FIG. It is, therefore, the function of the NF of the organising country to communicate with the FIG.

Art. 3.3  FIG Representatives and Autonomy of Organisers in Continental / Regional Championships and Games

The organisation and the running of Continental / Regional Championships or Games are within the competence of the Continental Unions or the regional bodies concerned, provided the Statutes, Regulations and Codes of the FIG are observed.

The FIG is entitled to send delegates to these events (representatives of the EC and/or Technical Delegates). These representatives have the authority to intervene.

Art. 3.4  Competitions between Federations

Each NF has the right to arrange competitions with other NFs. Competitions which promote the development of friendly relations are entirely in the hands of each NF. With the aim of ensuring a uniform organisation of competitions, the conditions of the event must be stipulated in writing. Attention should be given to the points made in the TR concerning the following:

- time and place of the competition
- nature of the competition
- program
- designation of the winner
- protocol for ceremony and awards

The arrangements made, are to be strictly respected by the NFs. The instructions regarding the judges and judging (Art. 7) have to be observed according to the nature of the competition.

The program and operating procedures are agreed between the participating NFs but based on the provisions of the TR. Participants must be fully informed of all these details as well as all other administrative and technical details in writing.

With the consent of the FIG, and by mutual agreement between the NFs involved, modifications may be allowed to accommodate the particular needs of the competitions.

While the rights of participation, entry procedures and other organisational questions are by agreement between the participating NFs, all such international events, arranged by NFs, are to be brought to the attention of the FIG.

Art. 3.5  International Tournaments and Competitions

In addition to the international competitions, the international tournaments and events for all disciplines and categories constitute another form of international competition. They must be organised by taking into account these Regulations and they must likewise be brought to the attention of the FIG.

The program and operating procedures are decided by the organising NF but based on the provisions of the FIG TR.
Art. 3.6  Age Group Competitions
Age Group Competitions can be organized by the affiliated NFs or by the Continental Unions, on the basis of the Rules which have been defined by the EC, by taking into account the principles of the Age Group and the Academies.

Art. 3.7  Exhibitions and Promotional Displays
Apart from the competitions and events mentioned in the preceding articles, NFs have the right to organise exhibitions and publicity displays for the development of all disciplines.

The organisation is the responsibility of the NF proposing the event or, should the occasion arise, of the NF appointed by the FIG. It is not obligatory for the program to include all apparatus. It may be adapted to local conditions and may be mixed (Men's and Women's Artistic Gymnastics, Rhythmic Gymnastics, Trampoline, Tumbling and Double Mini-Trampoline Gymnastics, Acrobatic Gymnastics, Aerobic Gymnastics and Parkour). The exercises demonstrated will not be judged.

Big events of this nature must be brought to the notice of the FIG at least one (1) year before they are held so that the support of the FIG and NFs may be assured. Such events should be part of the international calendar.

The notification to the FIG must include the following information:
- program and timetable of the event
- apparatus used
- number of participants and NFs involved
- financial conditions

Notification to the FIG is not necessary, if NFs organise exhibitions and promotional displays involving only their own gymnasts and for the normal requirement of development, promotion and revenue-generation of the NF concerned.

Art. 3.8  Sanctioning of International Events
In accordance with Art. 35.1 of the Statutes, the EC has drawn up rules for the sanctioning of international events.

The FIG shall not be liable for any event/competition staged without its approval. Besides, the only results officially published shall be those of competitions approved by the FIG. The control of the judges' work shall be done and considered by the President of the Superior Jury (on-site) and FIG Office (post-competition).

ART. 4  ORGANISATION OF COMPETITIONS

Art. 4.1  Entry Procedure for World Championships
Registrations must be officially submitted by the NFs through the FIG online system.

Depending on the World Championships type, the Provisional Registration must be duly submitted online at least five months before the date of the Competition.

If the Provisional Registration is missed or is late, before the Definitive Registration can be made, a penalty fee, fixed by the Council, must be paid.

The Definitive Registration must be duly submitted online at least three (3) months before the start of the Competition.
Depending on the World Championships type, in the Definitive Registration it is possible to submit other numbers than in the Provisional Registration.

Depending on the World Championships type, if a NF entered the Provisional Registration, but missed the Definitive Registration deadline, a late Definitive Registration will be accepted if the Registration is duly submitted online before the drawing of lots and if the NF pays a penalty fee.

The **Nominative Registration**, including gymnasts, reserve gymnasts (where applicable), judges and officials must be duly submitted at least four (4) weeks before the start of the Competition by using the online FIG database platform. Biographical details of participating gymnasts have to be updated by the NFs themselves, on the FIG Database.

**Special provisions for the Team and Individual World Championships in Artistic gymnastics:**

The NFs will be requested to confirm in writing their qualified Team, All-Around Gymnast and Apparatus Gymnast quota places as outlined in TR section 2. No online Provisional Registration will be requested.

The FIG, in consultation with the LOC, may decide to conduct the gymnasts’ drawing of lots as soon as the qualified Team, All-Around Gymnast and Apparatus Gymnast quota places are confirmed by the NFs (and not after the Definitive Registration).

**For Rhythmic gymnastics only:**

At the time of the nominative registration, particular attention must be given to the apparatus chosen for the Qualification Competition for Individuals, as well as to the starting order of the Individual gymnasts. Fifteen (15) days prior to the start of the Competitions for Individuals, NFs are allowed to re-submit, via the FIG online registration system, the final nominative registration and the apparatus chosen as well as the starting order of their gymnasts. In case a starting order is not received by the deadline, the initial Nominative list will be used.

**For all disciplines:**

The requisite **Entry Fee** (art. 11 Financial Provisions) are due and must be received by the FIG at the latest at the deadline for the Definitive Registration. Registrations without payment of the entry fee in due time are not considered: the gymnasts will not be included in the draw (i.e. if the draw is scheduled to take part after the Definitive Registration) and they will consequently not be allowed to participate in the competition. In the case of none or partial participation, the entry fee will not be reimbursed.

**For ART:**

If a NF confirmed its qualified team and the team is not participating at all, the NF has to pay a fine fixed by the Council. No fine will be applied in case of illness or injury certified by a medical doctor.

If a NF confirmed its qualified team and the team is participating with individual gymnasts only, no fine will have to be paid by the NF.

**Art. 4.2 Entry procedures for the OG, YOG and TWG**

The NFs concerned are notified by the Secretary General of the entry procedure.

**Art. 4.3 Procedure for the Gymnasts’ Draw of Lots**

In those cases where it is necessary to make a drawing of lots in advance of a Competition (i.e. excluding the draws which take place during the course of a Competition) the following procedure will be followed:
1. The draw will take place within two (2) weeks after the deadline of the Definitive entry for the World Championships or as mutually agreed between the FIG and the LOC.

2. The NFs will be informed by the FIG at least one (1) month before of the time and place of the draw and they will be entitled to be present at the draw.

3. The Media will be informed and allowed to send representatives and the local authority, in whose area the draw will be held, will be invited to send representatives.

4. The lots shall be drawn by a “neutral” person manually or by computer.

5. The draw will decide the order in which the lot for each team or gymnast (including groups and units) will perform and determine the order in which the team, group, gymnast or units commence to compete in the competition.

6. For RG and AER, for the health and safety of gymnasts, FIG has accepted that gymnasts competing in multiple finals (also Qualifications for AER) require ten (10) minutes to recover before competing again. The draw is done in advance and therefore may not allow for this recovery period. Rather than measuring in minutes this recovery period, it has been translated to be equal to four (4) competition performances. This also includes the judging time.

In RG and AER Gymnastics the draw will be adjusted according to this principle. If a gymnast or group competes 7th in one rotation and is drawn in positions 1-3 in the next rotation the new starting position will become 4th. If a gymnast or group competes last in a rotation and is drawn in positions 1-4 in the next rotation the new starting position will be 5th.

This adjustment, if necessary, will be made by the President of the TC concerned or his representative once the qualifying gymnasts/groups have been informed and a new start list will be produced.

This principle applies for all following rotations and also during other final competitions as well as for The World Games (Qualifications).

The principal officers, listed below, are appointed by the organiser with the agreement of the FIG Secretary General in cooperation with the TC/the PK-C.

a) Local Technical Director

This officer works under the direction of the TC President/President of the PK-Commission. He/she directs and supervises all the personnel involved at the location of the competition. He/she must possess the appropriate gymnastics technical knowledge.

b) Head of Personnel for Equipment

This Officer, who is subordinate to the Local Technical Director, is responsible for the setting-up, maintenance and condition of the apparatus (see also art. 10.3 Inspection of apparatus).

c) Head of Scoring Office

This officer is subordinate to the Local Technical Director but works in direct liaison with the TC President/President of the PK-Commission. He/she is responsible for supervising the scoring arrangements and for the distribution of scores to all concerned.

The responsibility for the detailed competition and training schedules as well as the schedules for podium training is of the TC Presidents/the President of the PK-C.

The Work Plan caters for the technical aspects of the organisation. It must include, among others, the definitive timetable of the competitions, the formation of groups of teams and individual gymnasts, information regarding the exact time for the meeting of those taking part and of judges, the timetable of the judges' instruction, the orientation meeting, the names of the rooms in which these various meetings take place, the manufacture and model of the equipment to be used.
The Presidents of the TC’s/ the PK-C and the Secretary General are required to take appropriate measures for the Work Plan to be in possession of NFs and other people concerned six (6) weeks at the latest before the competitions.

**Art. 4.9  Plurality of Offices**

The members of the FIG authorities, the judges, the local Technical Director, the members of the Scoring Results Service and the personnel concerned with equipment must be responsible only for the tasks assigned to them. They do not have the right to direct a team or to participate in other work asked by any NF or the LOCs. This rule is valid for the OG, the YOG, the WCH and the JWCH.

**Art. 4.10  Principal Tasks of the LOC**

The LOC must take all measures, during the preparation period as well as during the actual competition, to contribute to the success of the championships. Some of the principal measures to be taken are shown under appropriate sub headings.

**Art. 4.10.1 Pre-Championships Bulletins**

Bulletins of information should be published for the NFs and other interested organisations, giving information concerning the organisation and running of the World Championships.

**Art. 4.10.2 The Competition Hall**

The competition hall / site must be in relation to the prestige of the World Championships.

In principle, the hall must have the following minimum seating for spectators:

- Artistic Gymnastics 6.000
- Rhythmic Gymnastics 4.000
- Trampoline Gymnastics 3.000
- Acrobatic Gymnastics 3.000
- Aerobic Gymnastics 3.000
- Parkour 3'000

The level of temperature and humidity requirement is stated in the contract between the FIG and the LOC (according to the “Humidex”, between 22 and 38, see Medical Organisation of the FIG Competitions and Events).

When in use the lighting should be at a standard of at least 1500 lux but not designed in a manner to dazzle the gymnasts. In the training and warm-up halls, the standard must be of at least 800 lux.

Art. 7.1 General Principles
All exercises in gymnastics' competitions must be evaluated by judges possessing the requested qualifications for this function. They must be members of their NF, hold the nationality of the NF they represent and honestly judge the exercises presented by the gymnasts.

Each judge will have an assigned place where the official IOC abbreviation of his NF must be displayed.
For the OG and for the YOG, the number of judges shall be fixed in agreement between FIG and the IOC (Art. 7.10.1). However, in the allocation of judges to the different panels (draws), and for the World Championships of the Olympic disciplines, only one judge of the same NF may be in the same panel. For TUM, DMT, AER ACRO and PK, Art. 7.8.2.
For all other competitions refer to the General Judges’ Rules.

Art. 7.2. Basis for Judging: Codes of Points and Judges’ Rules
The separate COP including the appendices – for all disciplines – and the General and the Specific Judges Rules – form the basis for judging.

Art. 7.3 Development, Modification and Interpretation of the Codes of Points
The development of the COP is the responsibility of the respective TCs/C. The COPs are submitted to the EC for approval. Nothing should be contained in the COP which contravenes the provision of the Statutes, the Technical Regulations as well as other FIG Rules, or which has the effect of modifying such provisions.
When modifications are brought forth to the COP, it is necessary to respect a deadline of a minimum of six (6) months prior to being applied in competition, by taking into account the date when the FIG publishes the new instructions.

If, on the part of the TCs, there is information concerning certain interpretations of the COP, proposed at the moment of the competition, this must be done in writing and be distributed to the NFs at least 24 hours before the start of the competition.

The COP for Men’s Artistic Gymnastics, Women’s Artistic Gymnastics and Rhythmic Gymnastics are published in English, French, German, Spanish and Russian. Trampoline gymnastics, Acrobatic Gymnastics and Aerobic Gymnastics COP are published in English, French, Spanish and Russian. Parkour COP is published in English and French. Translations are possible with the consent of the FIG who requires copyright thereof.

In case of dispute, the English text applies.

**Art. 7.4 Qualification of Judges for FIG Official Competitions: Brevets**

In order to act in any of the judging capacities listed in Art. 7.8 below, it is necessary – except in the case of members of the EC acting on the Jury of Appeal – to possess the FIG judges’ brevet currently in effect and, where so required, the classification appropriate to the judging function in question.

The TCs/ PK-C are empowered to deal with the procedure for the classification of judges.

The TCs/ PK-C continually carry out the education, qualification and assessment of judges in order to maintain a sufficient number of qualified or “breveted” judges.

**Art. 7.5 Tuition and Examination for the FIG Brevet**

For the purposes set out in the foregoing Art. 7.8, there is a cycle of instruction of four (4) years' duration commencing in the year following the Olympic Games*. The cycle always commences with an intercontinental judges’ course which is held solely under the control of the respective TC/PK-C in accordance with the conditions of the FIG General Judges’ Rules approved by the EC.

Following the intercontinental course, international courses are hosted by NFs. The program of the intercontinental and the international courses is the same and remains so until the final course. At the conclusion of the intercontinental course and the international courses, the FIG brevet, the qualification in the various categories or the confirmation of the brevet that was previously awarded, can be granted. It is obvious that the requirements of the Judges’ Rules and of the concerned TC/PK-C must be respected.

At least four months prior to hold such courses application must be submitted by NFs via FIG online system.

*Exception: The validity of the brevet for the 15th cycle will be a term of 3 years (2022-2024)

**Art. 7.6 Validity of the Brevet**

If a judge wants his/her name to continue to figure on the database of judges recognised by the FIG, he/she must attend and pass an examination at a course for the new cycle and if he/she wants to reach a higher category, he/she will have to comply with the required criteria as mentioned in the General and respective Specific Judges’ Rules.

The results of the exams, the practical experience and the impartiality of the judges will be taken into account for their qualification.
Art. 7.7  Registration of International Judges
All breveted judges are registered on the FIG Judges’ Data Base.

Art. 7.8  Organisation and Responsibility of Juries at Official FIG Competitions
The judging of official competitions of the FIG, the OG and the YOG is the responsibility of the personnel listed below:

Art. 7.8.1  Superior Jury
The Superior Jury consists of the TC/PK-C President, the members of the TC/PK-C and/or other judges approved by the EC, and the Athletes’ representative (without voting right). The specific tasks of each member are defined by the TC/PK-C concerned.

The functions of the Superior Jury are:
1. To supervise the competition and to deal with any breaches of discipline or any extraordinary circumstances affecting the conduct of the competition.
2. To assess a grave error of judgement on the part of one, or several, judges and to take such action as they consider necessary.
3. Continually, to review the scores awarded by the judges and to issue a warning to any judge whose work is considered to be unsatisfactory or showing partiality.
4. To remove and replace any judge who disregarded a previous warning.
5. To take the final decision about inquiries as per Art. 8.4.
6. To follow the guidelines for the use of IRCOS (or official review video) and the Duties for Superior Jury and Supervisors as developed by the EC and applicable at the OG, YOG, WC, JWCH and other official FIG competitions by EC decision.

Art. 7.8.2  Judges’ Panels
Each judges’ panel consists of
- Two groups of judges for Artistic Gymnastics: D Judges (Difficulty) and E Judges (Execution)
- Three (3) groups for Trampoline Gymnastics: D Judges (Difficulty), E + H Judges (Execution and Horizontal Displacement), S + T Judge (Chair of Judges’ Panel, Time of flight and Synchronisation). When available T, S and H scores are given electronically (HDMD device).
- Three (3) groups for Rhythmic Gymnastics, Acrobatic Gymnastics and Aerobic Gymnastics: D Judges (Difficulty), E Judges (Execution) and A Judges (Artistic) selected in accordance with the draw procedure determined.
- For Parkour:
  Speed: Three (3) to five (5) judges functioning as Chair of Judges’ Panel (CJP), start-line and time judge (ST), as well as check-point judges (CP)
  Freestyle: four to six judges including one of them who acts also as CJP (depending on the level of the competition) evaluating the following criteria: Execution (E) and Difficulty (D). The D judges are appointed by the FIG.

No panel may include more than one (1) member from a single NF. The number of members per Judges’ Panels is described in the General Judges’ Rules, Art. 10 and in the respective Specific Judges' Rules.
Art. 7.8.3 Jury of Appeal / Competitions' Supervisory Board

The Presidential Commission appoints the Jury of Appeal which consists of two (2) members of the EC (or appointed by the EC) with one (1) of them acting as President, and a third competent person who was involved neither in the decision of the Competition Jury, nor in the decision of the Superior Jury, nominated on-site if necessary by the President or his representative. The TC President concerned or any other appropriate person may be called as a consultant.

The members of the Jury of Appeal must uphold the respect of sporting ethics by assuring that all the gymnasts be judged fairly.

The Jury of Appeal also monitors that the requirements of the Statutes, TR, Rules and Guidelines are observed.

The Jury of Appeal deals at an appropriate time with:
- Appeals made by judges who have been warned or excluded by the Superior Jury
- Appeals made by sanctioned delegation members
- Appeals made by a Head Delegation regarding competition issues

They do not interfere directly, but draw the responsible person’s attention to the problem, requesting him/her to deal with it (TC, LOC, FIG Staff). Should serious discrepancies occur or an offence not be corrected, it shall report the case to the Director of the Gymnastics Ethics Foundation for possible action.

Any major or extraordinary (unforeseen in the rules) incidents occurring during a competition or its preparation must be reported to the Jury of Appeal as soon as possible. The Jury of Appeal must remain as the final body to render impartial decisions upon an appeal. Therefore, they may not be involved with decisions or give opinions in any case where they may have to resolve an eventual appeal.

The Jury of Appeal must attend all competition sessions where designated. They attend the drawing of lots for the judges and all briefings to supervise the appropriate practices and procedures were applied and should also attend the judges’ instruction when possible.

The Jury of Appeal shall provide a written report at the conclusion of the competition regarding any appeals and actions taken. This report can include suggestions regarding improvements observed from their duties.

Art. 7.9 Duties of Technical Presidents / PK Commission President Relating to Competitions

The duties are as follows:
- To ensure that all the requirements for judging a competition are satisfied
- To preside over the Superior Jury
- To issue a warning to any person acting in any judging capacity who is considered to be unsatisfactory or to have broken his oath, such warning to be given following a decision of the Superior Jury
- To deal with the replacement of any person, acting in a judging capacity, following a decision of the Superior Jury
- To record the circumstances under which any person has been warned or replaced
− To direct, with the assistance of the TC/C members, the instructional meeting and the judges’ briefing preceding the competitions.
− To supervise the draw for the selection of judges in the different competitions and at the different apparatus (ART, RG, TRA) or categories
− To ensure that all requirements with respect to the conduct of judging personnel, coaches, gymnasts and officials are observed.

At the competitions above, a judges’ instruction is organised under the direction of the TCs. The principal aim is to ensure an exact and uniform interpretation of the COP and of the assessment tables.

All the judges are required to take part in this instruction and at subsequent briefings. If they do not take part, they are not allowed to judge.

The length of a judges’ instruction should not exceed four (4) hours, including the information about the organisation and the running of the competitions.

During these instructions the TCs have the right to test the knowledge of the judges and to dismiss those who prove to be incompetent.

**Art. 7.12. The Oath**

**Art. 7.12.1 The Judges’ Oath**

The following text shall be read by a judge during the opening ceremony of the World Championships, and other important international events:

«In the name of all the judges and officials, I promise that we shall officiate in these World Championships (or any other official FIG Event) with complete impartiality, respecting and abiding by the rules which govern them, in the true spirit of sportsmanship»

Sporting justice, ethics and honesty are the basis of a fair judgment.

If a judge does not abide by his oath, he/she incurs the risk of being sanctioned as per Statutes Art. 43.3. The judge in question may be denounced to the GEF Disciplinary Commission by the TC.
These provisions shall also be applicable to the elected members of the TCs and the Jury of Appeal who have not abided to their duty of neutrality, of respect and the application of the rules and the COP. The members of the FIG EC must respect and uphold the respect of the sporting ethics by assuring that all the gymnasts be judged fairly.

Art. 7.12.2 The Athletes' Oath

The following text shall be read by a gymnast during the opening ceremony of the World Championships and other important international events. This Athletes' Oath must follow the reading of the “Judges' Oath”. (Art. 7.12.1)

“In the name of all gymnasts I promise that we shall take part in these World Championships, respecting and abiding by the rules which govern them, committing ourselves to a sport without doping and without drugs, in the true spirit of sportsmanship, for the glory of sport and the honour of the gymnasts.”

Art. 7.12.3. The Coaches' Oath

The following text shall be read by a coach during the opening ceremony of the World Championships and other important international events. This Coaches' Oath must follow the reading of the “Athletes' Oath” (Art. 7.12.2).

“In the name of all Coaches and other member of the athlete’s entourage, I promise that we shall commit ourselves to ensuring that the spirit of sportsmanship and ethics is fully adhered to and upheld in accordance with the fundamental principles of Olympism. We shall commit ourselves to educating the gymnasts to adhere to fair play and drug free sport and to respect all FIG Rules governing the World Championships.”

Art. 7.13 Behaviour of Judges and Particular Requirements

Members of Juries are required to be acquainted with, and have in their possession, the COP, the TR and the directions relating to the particular competitions.

They are required strictly to observe the instructions concerning dress code, seating arrangements, behaviour and other disciplinary and organisational matters provided for in the COP.

Art. 7.14 Adaptation of Provisions for Judging at Competitions not Organised by FIG

Art. 7.14.1 General Remarks

Continental competitions, competitions between NFs and international tournaments must observe the foregoing provisions with respect to judging arrangements except as modified below:

Art. 7.14.1.1 Judges

Judges must comply with the requirements of Art. 7.8, 7.10 to 7.12 above and the General and Specific Judges’ Rules.

They have the right to appeal to the FIG in the event disciplinary action has been taken.

Art. 7.14.1.2 Judges’ Instruction

Instruction courses, preceding international competitions, are part of the judges’ education. They are conducted by persons appointed by the TC/PK-C and the presence of all the judges taking part in the competition is required.
Discussions will be held on the assessment of the exercises on the basis of the COP by taking into account the nature and circumstances under which the competition is held. Questions relating to the various apparatus (ART/RG) are clarified. In addition, problems relating to the organisation and conduct of the competition will be examined.

**Art. 7.14.1.3 Composition of Juries**

The assignment of the judges is based on an agreement made between the participating NFs and if one of them does not wish to present a judge, this must be stipulated in the agreement made by the participating NFs.

If it appears necessary, and financial means so allow, the number of neutral judges may be increased. In exceptional cases, other arrangements are possible by mutual consent of the participating NFs.

Jury size is described in the General Judges’ Rules.

For Parkour, juries at international competitions will comprise min. three (3) and max. five (5) judges.

**Art. 7.15 Expenses of Members of Juries**

Particulars of the reimbursement of the expenses incurred by members of juries are set out in Art. 11.3.2 hereof.

**ART. 8 SCORING**

**Art. 8.1 Methods of Determining Scores**

The method of determining scores and evaluating exercises is set out in the COP.

**Art. 8.2 Tie-breaking Rules**

The General tie-breaking rules defined for each discipline in their respective Section must be applied to all competitions in groups 1 to 3 listed in the FIG Calendar, they are recommended for competitions in group 4.

**Art. 8.3 Score Sheets**

The complete detailed results of every international event must be sent to the FIG Office by the organising federation. The results must include the detailed scores given by each judge and the names of the judges.

The results must be signed by the Chair of Judges' Panels or the President of the Superior Jury.

**Art. 8.4 Validity of Scores**

In cases where the scores shown on the public electronic scoreboard differ from those officially entered in the computer by the judge, the scores registered on the judge's electronic command desk prevails.

**Art. 8.5 Inquiries of the Score**

Inquiries for the Difficulty score* are allowed, provided that they are made verbally immediately after the publication of the score or at the very latest before the score of the following gymnast or group is shown.
Additional clarification for Rhythmic Gymnastics

Since in Rhythmic Gymnastics the D-score is divided into two sub-groups - Difficulty Body (DB) and Difficulty Apparatus (DA), each sub-groups is considered as a distinct score and must be challenged separately (either DB and DA or only DB or DA). Thus, if DB and DA of the same routine are challenged, the coach has to submit two inquiries with the respective forms. DB will be considered as first inquiry, DA as second inquiry.

In case two (2) categories / apparatus are judged alternatively (by two (2) panels or one single panel) the inquiry must be made before the score of the following gymnast or group of the same category/apparatus is shown.

For the last gymnast or group of a rotation, this limit is one (1) minute after the score is shown on the scoreboard. The person designated to receive the verbal inquiry has to note the time of receiving it and this starts the procedure.

Only the accredited coaches in the competition area are entitled to submit an inquiry.

An area where the coach of the competing gymnast can observe the exercise must be designated.

Late verbal inquiries will be rejected. A NF is not allowed to complain against a gymnast from another NF.

Inquiries for all other scores (Execution, Artistic, Time of flight, Synchro, HD and all PK scores) are not allowed.

The inquiry must be confirmed as soon as possible in writing, but within four (4) minutes at the latest after the verbal inquiry and requires an agreement of payment of CHF 300.-- for the first complaint; CHF 500.-- for the second complaint made by the same NF and CHF 1'000.-- for the third and subsequent complaint lodged by the NF throughout the event (and not starting from “1” again at each competition phase). Should the inquiry not be confirmed in writing within four (4) minutes, the procedure becomes obsolete.

The inquiries must be examined by the Superior Jury and a final decision (which may not be appealed) must be taken at the very latest:

- at the end of the rotation (or group) for the Qualifications, the Team Final, and the All-Around Final.
- before the score of the following gymnast or group of the same panel is shown for the finals (Apparatus Finals for ART and RG, Group Finals for RG).

After review of the routine the score is either changed (risen or lowered) or unchanged.

After review of the inquiry, should the final score be higher, this sum will not be invoiced by FIG to the Federation. However, should the final score remain unchanged or be lowered, the sum will be invoiced and transferred to the FIG Foundation for Solidarity.

During competitions/events where no FIG Technical Delegate is on duty, this amount will be invoiced by the LOC to the NF and will stay with the LOC (transferred to the area governing organization if required by the regulations concerned).

In the days following a competition, a global video analysis is carried out by the respective TCs (or their representatives designated by the TCs), and in case mistakes are established, the responsible judges will be disciplined accordingly.

Art. 8.6 Invalid Results Marks

Some specific designations are used to report invalid results.

See Appendix to the Code of Points

For the OG and the YOG, the IOC rules must be observed.

Art. 9.3  Awards

Art. 9.3.1  Timing of Award Ceremonials
In all disciplines, the ceremonies must take place immediately after the competitions and in case of multiple finals, in principle, after the competition on each apparatus or category, or as previously approved.

LOCs are responsible for a quick procedure for these ceremonies.

The FIG reserves the right to alter these arrangements in exceptional circumstances.

Art. 9.3.2  Awards Given at World Championships
The following awards are given to the first eight (8) ranked teams / groups / pairs / gymnasts in all finals as well as in the team rankings in ART, RG, TRA, ACRO and AER:

The design proposed by the LOC must be approved by the Secretary General.

ART. 10 COMPETITION APPARATUS AND AUXILIARY INSTALLATIONS

Art. 10.1 Changes to Competition Apparatus
Changes to apparatus (and, consequently, of the norms) may be decided by the EC upon a recommendation from the Apparatus Commission approved by the TC(s). However, no change will be authorized over the two (2) years preceding the Olympic Games.

In reaching its decision, the EC will take into consideration the technical, constructional and financial aspects together with questions of health and safety. The EC will also determine the time at which the proposed change/s will come into effect.

Art. 10.2 Inspection of Apparatus at Competitions
The apparatus control in the competition hall and in the warm-up hall prior to podium training as well as in the training halls is the responsibility of the President of the Superior Jury and will be conducted by a member of the Superior Jury designated by the President of the Superior Jury.

The Apparatus control includes the check of the dimensions of the apparatus which must respect the valid FIG Apparatus Norms. It must be verified that the duly certified apparatus are set up and fixed correctly and that the apparatus in the different halls are identical.

A written report about all the problems faced must be established. Adjustments must be made by the LOC with, if present, the apparatus manufacturer concerned. The President of the Superior Jury will approve the use of the apparatus by the gymnasts, after verifying that the adjustments have been made.

At WCH, JWCH, OG, YOG, TWG, and other FIG designated competitions, a specialist of the FIG GYMLAB Freiburg Test Institute will be in charge of the apparatus control in the competition hall and in the warm-up hall prior to podium training as well as in the training halls and will establish a detailed written report of the control of each apparatus and the problems faced. The report must be given to the Secretary General and to the President of the Superior Jury and the apparatus manufacturer concerned. Adjustments must be made by the apparatus manufacturer concerned in cooperation with the LOC. The specialist of the GYMLAB Freiburg Test Institute will approve the use of the apparatus by the gymnasts, after the adjustments have been made and verified by him.

During all competitions, the respective Apparatus Supervisors (ART) are responsible for the apparatus control.

In case of no-show of Teams, All-Around or Apparatus gymnasts, the corresponding place determined by the draw for the starting order will remain empty in the concerned subdivision.

For each apparatus, the starting order of the gymnasts making up a Team is decided by the Head of Delegation or his representative. The starting order must be submitted to the Competition Management Office at the place mentioned in the workplan as follows:

- for the Teams competing on the first Qualifications’ day: at the latest 24 hours prior to the start of the first subdivision on the first Qualifications’ day
- for the Teams competing on the second Qualifications’ day: at the latest 24 hours prior to the start of the first subdivision on the second Qualifications’ day

If a NF does not respect this deadline, the starting order of the gymnasts from its Team will be determined based on the gymnasts’ bib number. For Groups with All-Around gymnasts, the starting order on the first apparatus is determined by the draw results. After each apparatus the gymnasts who started will drop to the last position on the next apparatus.

For Groups with Apparatus gymnasts, the starting order is determined by the draw results for each apparatus. If qualified to compete on consecutive apparatus, a gymnast competing last on one apparatus will not be drawn to compete first or second on the following apparatus.

Touch Warm-up on the podium will be allowed at the beginning of each rotation.
For the All-Around and Apparatus Finals, the following number of reserve gymnasts will be designated, by taking into account respectively the All-Around and Apparatus ranking results of the Qualifications:

- For the All-Around Final: four (4) reserve gymnasts
- For the Apparatus Finals: three (3) gymnasts per apparatus

If called upon, a reserve works in accordance with the order of the gymnasts replaced. Reserves must be prepared to compete and must be present in the warm-up hall in case they are called upon.

After the drawing of lots no individual gymnast can be added to the number of gymnasts declared in the Definitive Registration.

Nominative Registration – Step 1

No additional Individual gymnasts to the number declared in the Definitive Registration may appear on the Nominative Registration and at Accreditation.

For Individuals, the apparatus chosen (all Federations) and the starting order for each apparatus (Federations with 2-3 Individuals) for the Qualification Competitions have to be declared with the names of the gymnasts (max. as per the number declared in the Definitive Registration).

Nominative Registration – Step 2

Until fifteen (15) days prior to the start of the Qualifications for Individuals Federations are allowed to modify the composition of their Delegation (Individual and/or Group). Each of the Federations will also have the possibility to modify, if necessary, the apparatus chosen and the starting order of their Individual gymnasts (Federations with 2-3 Individuals) submitted at the Nominative Registration - Step 1 (max. as per the number declared in the Definitive Registration).

The FIG online nominative registration platform will reopen to allow the Federations concerned to submit the necessary modifications.

Past this deadline, the online registration platform will be closed and no further modifications related to the apparatus chosen or to the starting order will be accepted. In the case an adjusted starting order is not received by the deadline of the Nominative Registration – Step 2, the initial Nominative registration (Step 1) will be used.
Replacement declared gymnasts due to injuries or illness

The injured or sick gymnast can be replaced and another gymnast can be accredited.

*Between the Accreditation and 24 hours before the start of the Qualifications*

The injured or sick gymnast can be replaced by any gymnast already accredited, except those withdrawn or replaced, only with medical certificate verified by the official FIG / LOC medical doctor. In the above cases, the replacing Individual gymnast will have to perform all apparatus the sick or injured gymnast was registered for, and will fill the same position(s) in the draw (starting order) of the replaced gymnast.

*Qualified Individual gymnasts for All-Around Final and Apparatus Finals*

*Until 24 hours prior to the start of Competition:*

ART. 1 PRINCIPLES FOR THE COMPETITION PROGRAMME

Art. 1.1 Categories
Competitions in Parkour comprise the following categories:

Speed (PKS)
A speed event consists of timed runs over an obstacle course, for
- Men
- Women

Freestyle (PKF)
A freestyle event consists of athletes performing tricks within a determined time period on an obstacle course, for
- Men
- Women

Art. 1.2 General Formats for official FIG competitions
PK Competitions are outdoors, and only indoors with the prior approval of the PK Commission. These competitions consist of Qualifications, Semi-Finals (Speed only) and Finals. The score from Qualification will not be carried forward. All runs, also the Finals, start from 0 points.

Speed
Speed competitions will be organized on two parallel lanes.

Speed Qualifications
The starting order for the first run of Qualification will be determined by a draw. An intermediate ranking list is established at the end of the first run.

The athletes may choose to have a second run. Should they choose a second run, they have to announce it immediately after the end of their course by raising their hand after seeing their time. The starting order for this second (optional) run is determined by the original starting order, but only with the athletes performing a second run.

For the athletes who have chosen to have a second run, the result of the second run only counts.

The final ranking list of the Qualification will be established at the end of the second run. In case of a tie at any place, the tie-breaking rules set out in art. 4.1 apply.

Runners’ lanes- Lane 1 is farthest from the judges tower and Lane 2 is closest. Lanes are assigned by draw.

Speed Semi-Finals (max. 3 per NF)

Knock-out competition format
The top athletes from the final ranking list of the Qualification participate in the Semi-Finals. No second run is possible.

In case of a tie at any place, the tie-breaking rules set out in art. 4.1 applies.

The highest ranked athlete faces the lowest ranked athlete, and the loser of that race is excluded from advancing to the final. Another example, the athlete ranked 2\textsuperscript{nd} faces the 2\textsuperscript{nd} to last athlete from the Qualification and so on for each athlete to be matched against the appropriate competitor. The loser of each race is excluded from advancing to the final.

Note: One wildcard athlete to be added for host country in the semi-final if they do not qualify. If a wildcard is added an extra athlete will be added, based on next best time outside of the qualifiers to prevent a solo run. The wildcard athlete must be the highest ranked athlete for that country from the Qualification. See below:

In case of a tie at the 6th rank for the Final, the tie-breaking rules set out in art. 4.1 apply.

Three reserve athletes will be able to warm-up for the Semi-Final and Final rounds.

Runners’ lanes – Lane 1 is farthest from the judges tower and Lane 2 is closest, determined by qualifying time (better time on lane 1).

**Speed Finals (max. 2 per NF)**

The top 6 athletes from the final ranking list of the Qualification or the semi-finals participate in the Final.

In the final round, the 5th and 6th, the 3rd and 4th and the 1st and 2nd run by pairs. The final ranking is based on the time (no knock out).

In case of a tie at any place, the tie-breaking rules set out in art. 4.1 apply.

The Final is held in one single run.

Runners’ lanes- Lane 1 is farthest from the judges tower and Lane 2 is closest, determined by qualifying time (better time on lane 1).

**Freestyle**

**Freestyle Qualifications**

The starting order for the first run of Qualification will be determined by a draw.

The runs of 30 to 70 seconds, are judged based on the criteria defined in the Code of Points.

An intermediate ranking list is established at the end of the first run.

The athletes may choose to have a second run. Should they choose a second run, they have to announce it immediately after the end of their course (before the score is shown) by raising their hand. The starting order for this second (optional) run is determined by the original starting order, but only with athletes performing a second run.

For the athletes who have chosen to have a second run, the result of the second run only counts.
The final ranking list of the Qualification will be established at the end of the second run.
In case of a tie at any place, the tie-breaking rules set out in art. 4.2 apply.

**Freestyle Finals (max. 2 per NF)**

The top eight athletes from the final ranking list of the Qualification participate in the Final.
In case of a tie at any place, the tie-breaking rules set out in art. 4.2 apply.

The Final is held in one single run.
The starting order is established based on the ranking after Qualification with the best athlete starting last.

Should the host country not qualify, they will receive a wildcard for the Final. Therefore, one additional athlete would be added to the final. The wildcard athlete must be the highest ranked athlete for that country from the Qualification.

**Art. 1.3 Work-shops and Educational Sessions**

All Parkour competitions should include activities such as showcasing, open work-shops, educational sessions and practice opportunities for the young and young-at-heart and a wider public to develop Parkour and promote the sport.

**ART. 2 THE WORLD GAMES**

The competition consists of Qualifications and Finals per category.

**Art. 2.1 Competition Programme**

Qualifications with 12 male athletes and 12 female athletes.
The World Games include competitions in the following 4 categories and medal events:

- Speed men
- Speed women
- Freestyle men
- Freestyle women

**Programme (example)**

Layout of the Programme: e.g.

Day 1: Qualifications Speed- Women and Freestyle Men – Finals Speed Women and Freestyle Men
Day 2: Qualifications Freestyle Women and Speed Men – Finals Freestyle Women and Speed Men

No Speed semi-finals will be held.
The programme is subject to change by the Parkour Commission depending on the number of entries and other circumstances. The duration will be decided by the Secretary General in consultation with the PK-C and the LOC.

**Art. 2.2 Rights of participation and size of delegations**

The number of athletes (12 men + 12 women = total 24) is determining following an agreement between the IWGA and the FIG.
The qualification is based on the FIG Parkour World Championships in the year preceding The World Games. For TWG 2022, the qualifying event is the WCH 2021.
The quota places are allocated as follows:
In order to finalize the 12 men and 12 women, four (4) different qualification lists will be assembled first (Men’s Speed, Men’s Freestyle, Women’s Speed, and Women’s Freestyle). No individual athlete will appear on two lists. The two lists for Men will be combined to complete their quota allocation list. The two (2) lists for Women will be combined to complete their quota allocation list.

There is a maximum quota per NF for participation in The World Games of one male and one female athlete overall.

The highest ranked athlete from the qualifying World Championships (2021) Finals, then from Qualifications if necessary, in each gender regardless of event will receive the quota place. In case of a tie anywhere in the selection procedure, the highest ranked athlete from the 2021 World Ranking List (from the World Cup Series) prevails.

Each of the four (4) Qualification Lists will be based on the following Criteria steps:

</table>

Criteria for each event:

**Criteria 1:**
The top five (5) ranked athletes from the Finals (then Qualifications if necessary) of the qualifying World Championships, will earn a nominative quota place.

**Criteria 2:** To the highest ranked athletes (nominative) based on the qualifying World Championships (finals, then qualifications if necessary) in order to fulfill the remaining quota places. These remaining quota places will be filled in in the following order:

1. Host country (if needed) – one quota place* (the highest ranking man or woman) in the event and gender of the best rank from the qualifying World Championships (2021) (finals, then qualifications if necessary)

2. 4 Continents (if needed) – The event precedence order for the remaining quota places is based on the number of athletes participating in each event of the qualifications (each gender) of the qualifying World Championships (2021). The event with the highest number of participants is filled first, and so on. The best athlete(s) from the qualifying World Championships (2021) (finals, then qualifications if necessary) to fulfill the four required continents is selected to each of the remaining event places in the event precedence order.

3. Once the four required continents quotas are filled, the remaining quota places are filled continuing with the event precedence order. The next ranked athlete(s) from the qualifying World Championships (2021) (finals, then qualifications if necessary) in each specific event earns a quota place.

*The host country is guaranteed an NF quota place regardless of participation in the World Championships. In this instance, the quota position would be the last place filled.

**Art. 2.3 Judges**

See Technical Regulations, Section 1, Art. 7.8 and PK Specific Judges’ Rules.
ART. 3  WORLD CHAMPIONSHIPS

The competition consists of Qualifications, Semi Finals (Speed only) and Finals per category.

Art. 3.1  General Layout of Programme

The general layout of the programme is elaborated and decided by the FIG Secretary General in close cooperation with the LOC and the FIG PK-C. The responsibility for the detailed competition and training schedule is with the PK-C President.

The World Championships include competitions in the following 4 categories and medal events:
- Speed men
- Speed women
- Freestyle men
- Freestyle women

INTRODUCTION

The “Technical Regulations” (TR) include Regulations for the following disciplines:

- Artistic Gymnastics
- Rhythmic Gymnastics
- Trampoline Gymnastics
- Acrobatic Gymnastics
- Aerobic Gymnastics
- Parkour

Regulations for Gymnastics for All are in a separate document called “Gymnastics for All Manual”.

The Technical Regulations conform with the Statutes of the FIG. Consequently, if any unforeseen circumstances should arise, where any TR’s are at variance with the intent of any Article of the Statutes, the intent and interpretation of the said Article shall prevail and the said Regulation shall be duly amended.

These Regulations are arranged in sections to provide for specific areas of technical organisation and control. As it is not always possible to deal exclusively with the various subject matters under separate headings, it has been necessary to make cross-references whenever the circumstances so require. Cross-references may also be made to the Statutes, the Codes of Points and other approved documents.

Where decisions are made related to events in the Regulations, the following order of priority is observed:

- Olympic Games
- Youth Olympic Games
- The World Games
- World Championships
- Junior World Championships
- World Cup / World Challenge Cup competitions
- FIG Displays
- Continental Championships
- Regional Games
- Competitions between National Federations
- International Tournaments and Competitions
- Exhibitions and Other Displays

NFs and LOCs are required to ensure that they adhere to the Rules and Regulations concerned with the participation in and/or organisation of the FIG events.

The COP – which are developed by the TCs / PK-C and approved by the EC – deal with the assessment of exercises, the combination and content of exercises, deductions for faulty performance, disciplinary measures for breaches by the coaches and gymnasts/athletes, details of the organisation and control of the competition.

The COP must be read in conjunction with the TR. In case of conflict of interpretation between the provisions of any of the COP, the principles of the TR shall take precedence.

ART 3 COMPETITIONS AND OTHER EVENTS NOT ORGANISED BY THE FIG

Art. 3.1 Continental Competitions

The organisation of continental championships and other continental competitions in all disciplines is provided for in the Statutes. The assignment of such competitions is the prerogative of the respective Continental Union. The TR of the Continental Unions have to be approved by the FIG EC.

The program and starting order are based on the FIG TR.

According to this provision, Continental Unions approved under the Statutes, may determine other details which may serve to develop all disciplines on their continent. These include questions about the competitions programs, the system of running the competitions and the gymnasts’ participation rights. Six (6) months before the competitions, which must be identified by name, all details are to be communicated to the FIG Office.

Continental championships / games are under the direct responsibility of the Continental Union concerned.
Art. 3.2 Continental / Regional Games

Participation in Continental / Regional Games such as the European Games, Pan-Arabic Games, the Pan American Games, the Mediterranean Games, the Central American and Caribbean Games, the Asian Games, etc. are permitted under the Statutes but require the consent of the FIG. It is, therefore, the function of the NF of the organising country to communicate with the FIG.

Art. 3.3 FIG Representatives and Autonomy of Organisers in Continental / Regional Championships and Games

The organisation and the running of Continental / Regional Championships or Games are within the competence of the Continental Unions or the regional bodies concerned, provided the Statutes, Regulations and Codes of the FIG are observed.

The FIG is entitled to send delegates to these events (representatives of the EC and/or Technical Delegates). These representatives have the authority to intervene.

Art. 3.4 Competitions between Federations

Each NF has the right to arrange competitions with other NFs. Competitions which promote the development of friendly relations are entirely in the hands of each NF. With the aim of ensuring a uniform organisation of competitions, the conditions of the event must be stipulated in writing. Attention should be given to the points made in the TR concerning the following:

- time and place of the competition
- nature of the competition
- program
- designation of the winner
- protocol for ceremony and awards

The arrangements made, are to be strictly respected by the NFs. The instructions regarding the judges and judging (Art. 7) have to be observed according to the nature of the competition.

The program and operating procedures are agreed between the participating NFs but based on the provisions of the TR. Participants must be fully informed of all these details as well as all other administrative and technical details in writing.

With the consent of the FIG, and by mutual agreement between the NFs involved, modifications may be allowed to accommodate the particular needs of the competitions.

While the rights of participation, entry procedures and other organisational questions are by agreement between the participating NFs, all such international events, arranged by NFs, are to be brought to the attention of the FIG.

Art. 3.5 International Tournaments and Competitions

In addition to the international competitions, the international tournaments and events for all disciplines and categories constitute another form of international competition. They must be organised by taking into account these Regulations and they must likewise be brought to the attention of the FIG.

The program and operating procedures are decided by the organising NF but based on the provisions of the FIG TR.
Art. 3.6  Age Group Competitions

Age Group Competitions can be organized by the affiliated NFs or by the Continental Unions, on the basis of the Rules which have been defined by the EC, by taking into account the principles of the Age Group and the Academies.

Art. 3.7  Exhibitions and Promotional Displays

Apart from the competitions and events mentioned in the preceding articles, NFs have the right to organize exhibitions and publicity displays for the development of all disciplines. The organisation is the responsibility of the NF proposing the event or, should the occasion arise, of the NF appointed by the FIG. It is not obligatory for the program to include all apparatus. It may be adapted to local conditions and may be mixed (Men's and Women's Artistic Gymnastics, Rhythmic Gymnastics, Trampoline, Tumbling and Double Mini-Trampoline Gymnastics, Acrobatic Gymnastics, Aerobics and Parkour). The exercises demonstrated will not be judged.

Big events of this nature must be brought to the notice of the FIG at least one (1) year before they are held so that the support of the FIG and NFs may be assured. Such events should be part of the international calendar.

The notification to the FIG must include the following information:
- program and timetable of the event
- apparatus used
- number of participants and NFs involved
- financial conditions

Notification to the FIG is not necessary, if NFs organise exhibitions and promotional displays involving only their own gymnasts and for the normal requirement of development, promotion and revenue-generation of the NF concerned.

Art. 3.8  Sanctioning of International Events

In accordance with Art. 35.1 of the Statutes, the EC has drawn up rules for the sanctioning of international events.

The FIG shall not be liable for any event/competition staged without its approval. Besides, the only results officially published shall be those of competitions approved by the FIG. The control of the judges’ work shall be done and considered by the President of the Superior Jury (on-site) and FIG Office (post-competition).

ART. 4  ORGANISATION OF COMPETITIONS

Art. 4.1  Entry Procedure for World Championships

Registrations must be officially submitted by the NFs through the FIG online system. Depending on the World Championships type, the Provisional Registration must be duly submitted online at least five months before the date of the Competition.

If the Provisional Registration is missed or is late, before the Definitive Registration can be made, a penalty fee, fixed by the Council, must be paid.

The Definitive Registration must be duly submitted online at least three (3) months before the start of the Competition.
Depending on the World Championships type, in the Definitive Registration it is possible to submit other numbers than in the Provisional Registration.

Depending on the World Championships type, if a NF entered the Provisional Registration, but missed the Definitive Registration deadline, a late Definitive Registration will be accepted if the Registration is duly submitted online before the drawing of lots and if the NF pays a penalty fee.

The **Nominative Registration**, including gymnasts, reserve gymnasts (where applicable), judges and officials must be duly submitted at least four (4) weeks before the start of the Competition by using the online FIG database platform. Biographical details of participating gymnasts have to be updated by the NFs themselves, on the FIG Database.

**Special provisions for the Team and Individual World Championships in Artistic gymnastics:**

The NFs will be requested to confirm in writing their qualified Team, All-Around Gymnast and Apparatus Gymnast quota places as outlined in TR section 2. No online Provisional Registration will be requested.

The FIG, in consultation with the LOC, may decide to conduct the gymnasts’ drawing of lots as soon as the qualified Team, All-Around Gymnast and Apparatus Gymnast quota places are confirmed by the NFs (and not after the Definitive Registration).

**For Rhythmic gymnastics only:**

At the time of the nominative registration, particular attention must be given to the apparatus chosen for the Qualification Competition for Individuals, as well as to the starting order of the Individual gymnasts. Fifteen (15) days prior to the start of the Competitions for Individuals, NFs are allowed to re-submit, via the FIG online registration system, the final nominative registration and the apparatus chosen as well as the starting order of their gymnasts. In case a starting order is not received by the deadline, the initial Nominative list will be used.

**For all disciplines:**

The requisite **Entry Fee** (art. 11 Financial Provisions) are due and must be received by the FIG at the latest at the deadline for the Definitive Registration. Registrations without payment of the entry fee in due time are not considered: the gymnasts will not be included in the draw (i.e if the draw is scheduled to take part after the Definitive Registration) and they will consequently not be allowed to participate in the competition. In the case of none or partial participation, the entry fee will not be reimbursed.

**For ART:**

If a NF confirmed its qualified team and the team is not participating at all, the NF has to pay a fine fixed by the Council. No fine will be applied in case of illness or injury certified by a medical doctor.

If a NF confirmed its qualified team and the team is participating with individual gymnasts only, no fine will have to be paid by the NF.

**Art. 4.2 Entry procedures for the OG, YOG and TWG**

The NFs concerned are notified by the Secretary General of the entry procedure.

**Art. 4.3 Procedure for the Gymnasts’ Draw of Lots**

In those cases where it is necessary to make a drawing of lots in advance of a Competition (i.e. excluding the draws which take place during the course of a Competition) the following procedure will be followed:
1. The draw will take place within two (2) weeks after the deadline of the Definitive entry for the World Championships or as mutually agreed between the FIG and the LOC.

2. The NFs will be informed by the FIG at least one (1) month before of the time and place of the draw and they will be entitled to be present at the draw.

3. The Media will be informed and allowed to send representatives and the local authority, in whose area the draw will be held, will be invited to send representatives.

4. The lots shall be drawn by a “neutral” person manually or by computer.

5. The draw will decide the order in which the lot for each team or gymnast (including groups and units) will perform and determine the order in which the team, group, gymnast or units commence to compete in the competition.

6. For RG and AER, for the health and safety of gymnasts, FIG has accepted that gymnasts competing in multiple finals (also Qualifications for AER) require ten (10) minutes to recover before competing again.

   The draw is done in advance and therefore may not allow for this recovery period. Rather than measuring in minutes this recovery period, it has been translated to be equal to four (4) competition performances. This also includes the judging time.

   In RG and AER Gymnastics the draw will be adjusted according to this principle. If a gymnast or group competes 7th in one rotation and is drawn in positions 1-3 in the next rotation the new starting position will become 4th. If a gymnast or group competes last in a rotation and is drawn in positions 1-4 in the next rotation the new starting position will be 5th.

   This adjustment, if necessary, will be made by the President of the TC concerned or his representative once the qualifying gymnasts/groups have been informed and a new start list will be produced.

   This principle applies for all following rotations and also during other final competitions as well as for The World Games (Qualifications).

Each NF taking part has the right to present one or two qualified judges (cat. 1, 2 or 3) in good standing, but must present a minimum of one (1) judge.
If there is an insufficient number of judges, the ACRO TC decides the process for obtaining the necessary number. The selection of judges panels (Execution and Artistry) is made by the draw prior to the judges’ instructions.

The Chair of Judges Panel and the Difficulty Judges are drawn by the ACRO TC (CJP: cat. 1 and D cat. 1 or 2) six (6) months prior to the competition. Details of the draw are outlined in the Specific Judges’ Rules.

**d) Aerobic Gymnastics**

Each NF taking part must present minimum one (1) qualified judge (maximum two (2) judges) in good standing with a valid FIG brevet of which one (1), at least, will be called upon to judge. **Art. 7.10.3 World Championships**

**a) Artistic Gymnastics (Teams and Individuals)**

Each NF taking part entering a team has the right to present two qualified E-judges in good standing of which one, at least, will be called upon to judge, provided that no D-judge was drawn of his federation. If a D-judge is drawn, only one E-judge can be assigned. The total number of judges per NF may not exceed 2.

Federations entering individuals have the right to present one qualified E-judge, regardless if a D-judge is drawn.

The selection of judges for Qualifications and the All-Around Finals is made as follows:

- The judges for D1 and D2 are drawn by name and by NF from the pool of cat. 1 judges. This draw made by the TCs will take place at least six (6) months prior to the competition. Judge D1 and D2 will fulfil the same function during all sessions of the same competition.
- The D1 and D2 judges are considered as FIG judges, but NF shown on list of judges.
- The E1 to E7 judges are drawn by NF at the event prior to the competition from among those NFs that have cat. 1, 2 or 3 judges present at the competition. A new draw is conducted for each competition session but gives priority to those NFs that have not placed a judge in previous session of the competition.

Should there be an insufficient number of judges, the drawing of lots continues on the same basis but using the names of the NFs' second judges (two judges from the same NF cannot be placed in the same panel).

NFs whose two (2) judges are called upon to judge may decide in which competitions they will be utilised.

For the E-Panel in Team Finals only Judges of NFs which do not have a team taking part may be called upon to judge. The selection is by means of the draw after the Qualifying Competition is concluded. If there is an insufficient number of judges, the TC’s decide the process for designating the necessary number of judges.
For the E-Panel in Apparatus Finals only judges whose NFs do not have competitors, nor a No 1 reserve gymnast taking part, may be called upon to judge. The selection is by means of the drawing of lots after Qualifications is concluded.

- For Individual and Group Apparatus Finals all Judges are drawn just during the judges’ briefing before the beginning of each phase of competition.

In Apparatus Finals, only judges whose NFs do not have competitors, nor a No 1 reserve gymnast taking part, may be called upon to judge.

If there are insufficient judges, the TC decides the process for designating the necessary number of judges.

c) Trampoline Gymnastics

Each NF (except those participating for the first time in World Championships) must nominate at least one (1) qualified judge in good standing with a valid international brevet for each event (TRA, TUM and DMT) in which they have competitors. The judges must be named at the time of the nominative entry. Failure to provide a judge will result in the FIG charging the NF concerned a fine of CHF 2'000.- for the cost of providing another judge.

d) Acrobatic Gymnastics

Each NF taking part has the right to present one (1) or two (2) qualified judges in good standing with a valid FIG brevet.

The Chairs of Judges’ Panel (cat. 1) and the Difficulty Judges (cat. 1 or 2) are drawn by the ACRO TC six (6) months prior to the competition. The details of the drawing of lots are determined in the Specific ACRO Judges Rules.

Each NF (except those participating for the first time in World Championships) must nominate at least one (1) judge. The judges must be named at the time of the nominative entry. Failure to provide a judge will result in the FIG charging the NF concerned with a fine of CHF 2'000.- for the cost of providing another judge.

Art. 7.10.4 Other Official FIG Competitions

See the respective rules decided by the EC (i.e. World Cup Rules).

Art. 7.11 Judges’ Instructions before the FIG WCH, JWCH, OG, YOG, TWG, World Cups, and Multi-Sport Games

At the competitions above, a judges’ instruction is organised under the direction of the TCs. The principal aim is to ensure an exact and uniform interpretation of the COP and of the assessment tables.

All the judges are required to take part in this instruction and at subsequent briefings. If they do not take part, they are not allowed to judge.

The length of a judges’ instruction should not exceed four (4) hours, including the information about the organisation and the running of the competitions.

During these instructions the TCs have the right to test the knowledge of the judges and to dismiss those who prove to be incompetent.

Art. 7.12. The Oath

Art. 7.12.1 The Judges’ Oath

The following text shall be read by a judge during the opening ceremony of the World Championships, and other important international events:

«In the name of all the judges and officials, I promise that we shall officiate in these World Championships (or any other official FIG Event) with complete impartiality, respecting and abiding by the rules which govern them, in the true spirit of sportsmanship»

Sporting justice, ethics and honesty are the basis of a fair judgment.

If a judge does not abide by his oath, he/she incurs the risk of being sanctioned as per Statutes Art. 43.3. The judge in question may be denounced to the GEF Disciplinary Commission by the TC.
These provisions shall also be applicable to the elected members of the TCs and the Jury of Appeal who have not abided to their duty of neutrality, of respect and the application of the rules and the COP.

The members of the FIG EC must respect and uphold the respect of the sporting ethics by assuring that all the gymnasts be judged fairly.

Art. 7.12.2 The Athletes’ Oath

The following text shall be read by a gymnast during the opening ceremony of the World Championships and other important international events. This Athletes’ Oath must follow the reading of the “Judges’ Oath”. (Art. 7.12.1)

“In the name of all gymnasts I promise that we shall take part in these World Championships, respecting and abiding by the rules which govern them, committing ourselves to a sport without doping and without drugs, in the true spirit of sportsmanship, for the glory of sport and the honour of the gymnasts.”

Art. 7.12.3. The Coaches’ Oath

The following text shall be read by a coach during the opening ceremony of the World Championships and other important international events. This Coaches’ Oath must follow the reading of the “Athletes’ Oath” (Art. 7.12.2).

“In the name of all Coaches and other member of the athlete’s entourage, I promise that we shall commit ourselves to ensuring that the spirit of sportsmanship and ethics is fully adhered to and upheld in accordance with the fundamental principles of Olympism. We shall commit ourselves to educating the gymnasts to adhere to fair play and drug free sport and to respect all FIG Rules governing the World Championships.”

Art. 7.13 Behaviour of Judges and Particular Requirements

Members of Juries are required to be acquainted with, and have in their possession, the COP, the TR and the directions relating to the particular competitions.

They are required strictly to observe the instructions concerning dress code, seating arrangements, behaviour and other disciplinary and organisational matters provided for in the COP.

Art. 7.14 Adaptation of Provisions for Judging at Competitions not Organised by FIG

Art. 7.14.1 General Remarks

Continental competitions, competitions between NFs and international tournaments must observe the foregoing provisions with respect to judging arrangements except as modified below:

Art. 7.14.1.1 Judges

Judges must comply with the requirements of Art. 7.8, 7.10 to 7.12 above and the General and Specific Judges’ Rules.

They have the right to appeal to the FIG in the event disciplinary action has been taken.

Art. 7.14.1.2 Judges’ Instruction

Instruction courses, preceding international competitions, are part of the judges’ education. They are conducted by persons appointed by the TC/PK-C and the presence of all the judges taking part in the competition is required.
Discussions will be held on the assessment of the exercises on the basis of the COP by taking into account the nature and circumstances under which the competition is held. Questions relating to the various apparatus (ART/RG) are clarified. In addition, problems relating to the organisation and conduct of the competition will be examined.

Art. 7.14.1.3 Composition of Juries

The assignment of the judges is based on an agreement made between the participating NFs and if one of them does not wish to present a judge, this must be stipulated in the agreement made by the participating NFs.

If it appears necessary, and financial means so allow, the number of neutral judges may be increased. In exceptional cases, other arrangements are possible by mutual consent of the participating NFs.

Jury size is described in the General Judges’ Rules.

For Parkour, juries at international competitions will comprise min. three (3) and max. five (5) judges.

Art. 7.15 Expenses of Members of Juries

Particulars of the reimbursement of the expenses incurred by members of juries are set out in Art. 11.3.2 hereof.

ART. 8 SCORING

Art. 8.1 Methods of Determining Scores

The method of determining scores and evaluating exercises is set out in the COP.

Art. 8.2 Tie-breaking Rules

The General tie-breaking rules defined for each discipline in their respective Section must be applied to all competitions in groups 1 to 3 listed in the FIG Calendar, they are recommended for competitions in group 4.

Art. 8.3 Score Sheets

The complete detailed results of every international event must be sent to the FIG Office by the organising federation. The results must include the detailed scores given by each judge and the names of the judges.

The results must be signed by the Chair of Judges’ Panels or the President of the Superior Jury.

Art. 8.4 Validity of Scores

In cases where the scores shown on the public electronic scoreboard differ from those officially entered in the computer by the judge, the scores registered on the judge’s electronic command desk prevails.

Art. 8.5 Inquiries of the Score

Inquiries for the Difficulty score* are allowed, provided that they are made verbally immediately after the publication of the score or at the very latest before the score of the following gymnast or group is shown.
Additional clarification for Rhythmic Gymnastics

Since in Rhythmic Gymnastics the D-score is divided into two sub-groups - Difficulty Body (DB) and Difficulty Apparatus (DA), each sub-groups is considered as a distinct score and must be challenged separately (either DB and DA or only DB or DA). Thus, if DB and DA of the same routine are challenged, the coach has to submit two inquiries with the respective forms. DB will be considered as first inquiry, DA as second inquiry.

In case two (2) categories / apparatus are judged alternatively (by two (2) panels or one single panel) the inquiry must be made before the score of the following gymnast or group of the same category/apparatus is shown.

For the last gymnast or group of a rotation, this limit is one (1) minute after the score is shown on the scoreboard. The person designated to receive the verbal inquiry has to note the time of receiving it and this starts the procedure.

Only the accredited coaches in the competition area are entitled to submit an inquiry.

An area where the coach of the competing gymnast can observe the exercise must be designated. Late verbal inquiries will be rejected. A NF is not allowed to complain against a gymnast from another NF.

Inquiries for all other scores (Execution, Artistic, Time of flight, Synchro, HD and all PK scores) are not allowed.

The inquiry must be confirmed as soon as possible in writing, but within four (4) minutes at the latest after the verbal inquiry and requires an agreement of payment of CHF 300.-- for the first complaint; CHF 500.-- for the second complaint made by the same NF and CHF 1'000.-- for the third and subsequent complaint lodged by the NF throughout the event (and not starting from “1” again at each competition phase). Should the inquiry not be confirmed in writing within four (4) minutes, the procedure becomes obsolete.

The inquiries must be examined by the Superior Jury and a final decision (which may not be appealed) must be taken at the very latest:

- at the end of the rotation (or group) for the Qualifications, the Team Final, and the All-Around Final.
- before the score of the following gymnast or group of the same panel is shown for the finals (Apparatus Finals for ART and RG, Group Finals for RG).

After review of the routine the score is either changed (risen or lowered) or unchanged.

After review of the inquiry, should the final score be higher, this sum will not be invoiced by FIG to the Federation. However, should the final score remain unchanged or be lowered, the sum will be invoiced and transferred to the FIG Foundation for Solidarity.

During competitions/events where no FIG Technical Delegate is on duty, this amount will be invoiced by the LOC to the NF and will stay with the LOC (transferred to the area governing organization if required by the regulations concerned).

In the days following a competition, a global video analysis is carried out by the respective TCs (or their representatives designated by the TCs), and in case mistakes are established, the responsible judges will be disciplined accordingly.

Art. 8.6 Invalid Results Marks

Some specific designations are used to report invalid results.

See Appendix to the Code of Points

ART. 6 REGISTRATION CHANGES

Definitive Registration

Definitive registrations received in the FIG Office after the drawing of lots will be refused (i.e. the gymnasts will not be allowed to compete).

After the drawing of lots no individual gymnast can be added to the number of gymnasts declared in the Definitive Registration.

Nominative Registration – Step 1

No additional Individual gymnasts to the number declared in the Definitive Registration may appear on the Nominative Registration and at Accreditation.

For Individuals, the apparatus chosen (all Federations) and the starting order for each apparatus (Federations with 2-3 Individuals) for the Qualification Competitions have to be declared with the names of the gymnasts (max. as per the number declared in the Definitive Registration).

Nominative Registration – Step 2

Until fifteen (15) days prior to the start of the Qualifications for Individuals Federations are allowed to modify the composition of their Delegation (Individual and/or Group). Each of the Federations will also have the possibility to modify, if necessary, the apparatus chosen and the starting order of their Individual gymnasts (Federations with 2-3 Individuals) submitted at the Nominative Registration - Step 1 (max. as per the number declared in the Definitive Registration).

The FIG online nominative registration platform will reopen to allow the Federations concerned to submit the necessary modifications.

Past this deadline, the online registration platform will be closed and no further modifications related to the apparatus chosen or to the starting order will be accepted. In the case an adjusted starting order is not received by the deadline of the Nominative Registration – Step 2, the initial Nominative registration (Step 1) will be used.
Replacement declared gymnasts due to injuries or illness

*Between the Nominative Registration – Step 2 and the Accreditation*

The injured or sick gymnast can be replaced and another gymnast can be accredited.

*Between the Accreditation and 24 hours before the start of the Qualifications*

The injured or sick gymnast can be replaced. The injured or sick gymnast must return her accreditation and another gymnast can be accredited. Gymnasts who have been withdrawn or replaced for whatever reason (including injuries and illness), may at no time be reaccredited.

*Less than 24 hours before the start of the Qualifications*

No new accreditations can be delivered.

If the Qualifications take place over more than one day, the start time of the day of Qualifications in which an Individual gymnast or Group is scheduled to compete is used to calculate the 24 hours before.

The injured or sick gymnast can be replaced by any gymnast already accredited, except those withdrawn or replaced, only with medical certificate verified by the official FIG / LOC medical doctor.

In the above cases, the replacing Individual gymnast will have to perform all apparatus the sick or injured gymnast was registered for, and will fill the same position(s) in the draw (starting order) of the replaced gymnast.

Qualified Individual gymnasts for All-Around Final and Apparatus Finals

*Until 24 hours prior to the start of Competition:*

May be replaced by her NF with one of its other gymnasts, at their discretion, provided that the said replacement has obtained a superior result to that of the first gymnast of reserve. The replacement gymnast will fill the position in the draw of the replaced gymnast.

*Less than 24 hours prior to the start of the Competition:*

May be replaced by her NF with one of its other gymnasts, at their discretion, provided that the said replacement has obtained a superior result to that of the first gymnast of reserve. This change can only be made in the case of injuries or illness of one of the qualified gymnasts with medical certificate verified by the official FIG / LOC medical doctor.

A gymnast who was part of a starting order and had to withdraw due to illness or injury (with medical certificate by the official FIG / LOC medical doctor) is still eligible to compete in the subsequent Apparatus Finals. In this case the gymnast must provide certification by the official FIG / LOC medical doctor that she is safe to compete again.

**OG and YOG**

IOC rules apply.

**Reserve gymnasts for all types of Finals**

For all types of finals three (3) reserve gymnasts / groups are designated, taking into account the list of results of Qualification. If called upon, a reserve works in accordance with the order of the gymnasts / groups replaced. Reserves must be prepared to compete and present in the warm-up hall in case they are called upon.

Art. 2.2 Rights of participation and size of delegations

The number of gymnasts (78) is determined by an agreement between the IWGA and the FIG.

The qualification for the participation at The World Games is based on the results of the qualifications of the World Championships in the year preceding The World Games.

The qualification applies to the NFs and not to the gymnasts, except for the "FIG Wild Cards".

A maximum of six pairs or groups per category may participate in The World Games.

The 6 places per category are assigned as follows:

Places 1 – 5 (max. 1 place per NF and discipline) will be attributed to the NFs according to their ranking in the qualifications of the qualifying World Championships.

In case that there is not a sufficient number of NFs participating in The World Games to fill these places, the participating NFs will be given the opportunity to send 2 pairs/groups (priority in order of the ranking of the Qualifications at the qualifying World Championships).

Place 6 (1 FIG Wild Card per category) will be nominated by the FIG EC in consultation with the ACRO-TC to (in order of priority):

2. guarantee that 4 continents are represented at The World Games. (If such a Wild Card has to be assigned, it will be given to the best ranked pair or group from the respective Continent at the qualification of the qualifying World Championships. In case of a tie, priority will be given to the pair or group which has the higher number of total participants in that category).

3. to cater for other unforeseen cases, provided the pair or group has participated at the qualifying World Championships.

Any place(s), not assigned under the criteria mentioned above, will be assigned following the same criteria as places 1 - 5 to raise the number of participating NFs from NFs not yet represented at The World Games.

Art. 2.3 Judges

Each NF taking part must present minimum one qualified judge (with a valid FIG brevet category 1 or 2) in good standing, in addition to any selected Chair of Judges panel or Difficulty Judge. Failure to provide a judge will result in the FIG charging the NF concerned with a fine of CHF 2'000.

Art. 2.2 Right of Participation

The number of competitors is determined by an agreement by the IWGA and the FIG.

The qualification for the participation at the World Games is based on the results of the qualifications of the World Championships preceding the World Games.

The qualification applies to the NFs (NOCs) and not the Gymnasts except for the “FIG Wild Cards”.

Six Mixed Pairs, six Trios, six Groups and six Aerobic Dance may participate in the World Games as follows.

Places 1 – 5 (max. 1 per NF and category) will be attributed to the NF – max. 1 per NF and category - according to their ranking in the Qualifications of the qualifying World Championships.

Place 6 1 wild card will be allocated for Mixed Pairs, Trios, Groups, Aerobic Dance (in order of priority) by the FIG EC in consultation with the FIG AER TC to:

1. make sure the host country of the World Games is represented with a total of 2 places, provided the respective Mixed Pair, Trio, Group and Aerobic Dance has participated at the qualifying World Championships. The 2 places will be given to the 2 best ranked - but no more than 1 place per category - at the Qualifications of the qualifying World Championships.

2. guarantee that all continents are represented at the World Games. (If such a Wild Card has to be assigned, it will be given to the best ranked Mixed Pair, Trio, Group or Aerobic Dance Group from the respective Continent from the qualification competition of the qualifying World Championships.) In case of a tie, priority will be given to the best ranked pair or group which has the higher number of total participants in that category.

3. cater for other unforeseen cases, provided the Mixed Pair, Trio, Group or Aerobic Dance has participated at the qualifying World Championships.

Any place(s) not assigned under the criteria mentioned above will be assigned following the same criteria as places 1 - 5 to raise the number of participating federations from federations not yet represented at the World Games.

Art. 2.3 Judges

Each NF taking part must present one or two qualified judges (with a current valid FIG brevet category 1, 2 or 3) in good standing in addition to any selected Chair of Judges’ panel or D-Judge.

Failure to provide a judge will result in the FIG charging the NF concerned with a fine of CHF 2’000.

3. The highest D-score prevails

If there is still a tie, the tie will not be broken and the starting order of the tied ranks for the final is decided by draw.
ART. 3  WORLD CHAMPIONSHIPS

The competition consists of a qualification round and a final round per category. Competitors will perform only one routine in each of the rounds.

Art. 3.1  General Layout of Program

ART. 1 PRINCIPLES FOR THE COMPETITION PROGRAMME

Art. 1.1 Categories
Competitions in Parkour comprise the following categories:

**Speed (PKS)**
A speed event consists of timed runs over an obstacle course, for
- Men
- Women

**Freestyle (PKF)**
A freestyle event consists of athletes performing tricks within a determined time period on an obstacle course, for
- Men
- Women

Art. 1.2 General Formats for official FIG competitions
PK Competitions are outdoors, and only indoors with the prior approval of the PK Commission. These competitions consist of Qualifications, Semi-Finals (Speed only) and Finals. The score from Qualification will not be carried forward. All runs, also the Finals, start from 0 points.

**Speed**
Speed competitions will be organized on two parallel lanes.

**Speed Qualifications**
The starting order for the first run of Qualification will be determined by a draw. An intermediate ranking list is established at the end of the first run.

The athletes may choose to have a second run. Should they choose a second run, they have to announce it immediately after the end of their course by raising their hand after seeing their time. The starting order for this second (optional) run is determined by the original starting order, but only with the athletes performing a second run.

For the athletes who have chosen to have a second run, the result of the second run only counts.

The final ranking list of the Qualification will be established at the end of the second run. In case of a tie at any place, the tie-breaking rules set out in art. 4.1 apply.

Runners’ lanes- Lane 1 is farthest from the judges tower and Lane 2 is closest. Lanes are assigned by draw.

**Speed Semi-Finals (max. 3 per NF)**
**Knock-out competition format**
The top athletes from the final ranking list of the Qualification participate in the Semi-Finals. No second run is possible.

In case of a tie at any place, the tie-breaking rules set out in art. 4.1 applies.

The highest ranked athlete faces the lowest ranked athlete, and the loser of that race is excluded from advancing to the final. Another example, the athlete ranked 2nd faces the 2nd to last athlete from the Qualification and so on for each athlete to be matched against the appropriate competitor. The loser of each race is excluded from advancing to the final.

</table>

Note: One wildcard athlete to be added for host country in the semi-final if they do not qualify. If a wildcard is added an extra athlete will be added, based on next best time outside of the qualifiers to prevent a solo run. The wildcard athlete must be the highest ranked athlete for that country from the Qualification. See below:

| Semi-Final with wildcard | No Semi-Final | 10 total 8 best times from Qualification + 1 wildcard + 1 next best time from Qualification | 12 total 10 best times from Qualification + 1 wildcard + 1 next best time from Qualification |
| Finals                 | 6 best from Qualification | 6 total 5 from Knock-out + 1 next best time from Semi-Final | 6 total 6 from Knock-out from Semi-Final |

In case of a tie at the 6th rank for the Final, the tie-breaking rules set out in art. 4.1 apply.

Three reserve athletes will be able to warm-up for the Semi-Final and Final rounds.

Runners’ lanes – Lane 1 is farthest from the judges tower and Lane 2 is closest, determined by qualifying time (better time on lane 1).

**Speed Finals (max. 2 per NF)**

The top 6 athletes from the final ranking list of the Qualification or the semi-finals participate in the Final.

In the final round, the 5th and 6th, the 3rd and 4th and the 1st and 2nd run by pairs. The final ranking is based on the time (no knock out).

In case of a tie at any place, the tie-breaking rules set out in art. 4.1 apply.

The Final is held in one single run.

Runners’ lanes- Lane 1 is farthest from the judges tower and Lane 2 is closest, determined by qualifying time (better time on lane 1).

**Freestyle**

**Freestyle Qualifications**

The starting order for the first run of Qualification will be determined by a draw.

The runs of 30 to 70 seconds, are judged based on the criteria defined in the Code of Points.

An intermediate ranking list is established at the end of the first run.

The athletes may choose to have a second run. Should they choose a second run, they have to announce it immediately after the end of their course (before the score is shown) by raising their hand. The starting order for this second (optional) run is determined by the original starting order, but only with athletes performing a second run.

For the athletes who have chosen to have a second run, the result of the second run only counts.
The final ranking list of the Qualification will be established at the end of the second run. In case of a tie at any place, the tie-breaking rules set out in art. 4.2 apply.

**Freestyle Finals** (*max. 2 per NF*)

The top eight athletes from the final ranking list of the Qualification participate in the Final. In case of a tie at any place, the tie-breaking rules set out in art. 4.2 apply.

The Final is held in one single run.

The starting order is established based on the ranking after Qualification with the best athlete starting last.

Should the host country not qualify, they will receive a wildcard for the Final. Therefore, one additional athlete would be added to the final. The wildcard athlete must be the highest ranked athlete for that country from the Qualification.

**Art. 1.3 Work-shops and Educational Sessions**

All Parkour competitions should include activities such as showcasing, open work-shops, educational sessions and practice opportunities for the young and young-at-heart and a wider public to develop Parkour and promote the sport.

**ART. 2 THE WORLD GAMES**

The competition consists of Qualifications and Finals per category.

**Art. 2.1 Competition Programme**

Qualifications with 12 male athletes and 12 female athletes.

The World Games include competitions in the following 4 categories and medal events:

- Speed men
- Speed women
- Freestyle men
- Freestyle women

**Programme (example)**

Layout of the Programme: e.g.

Day 1: Qualifications Speed- Women and Freestyle Men – Finals Speed Women and Freestyle Men
Day 2: Qualifications Freestyle Women and Speed Men – Finals Freestyle Women and Speed Men

No Speed semi-finals will be held.

The programme is subject to change by the Parkour Commission depending on the number of entries and other circumstances. The duration will be decided by the Secretary General in consultation with the PK-C and the LOC.

**Art. 2.2 Rights of participation and size of delegations**

The number of athletes (12 men + 12 women = total 24) is determining following an agreement between the IWGA and the FIG.

The qualification is based on the FIG Parkour World Championships in the year preceding The World Games. For TWG 2022, the qualifying event is the WCH 2021.

The quota places are allocated as follows:
In order to finalize the 12 men and 12 women, four (4) different qualification lists will be assembled first (Men’s Speed, Men’s Freestyle, Women’s Speed, and Women’s Freestyle). No individual athlete will appear on two lists. The two lists for Men will be combined to complete their quota allocation list. The two (2) lists for Women will be combined to complete their quota allocation list.

There is a maximum quota per NF for participation in The World Games of one male and one female athlete overall.

The highest ranked athlete from the qualifying World Championships (2021) Finals, then from Qualifications if necessary, in each gender regardless of event will receive the quota place. In case of a tie anywhere in the selection procedure, the highest ranked athlete from the 2021 World Ranking List (from the World Cup Series) prevails.

Each of the four (4) Qualification Lists will be based on the following Criteria steps:
